REPRESENTATION, WARRANTY AND ACKNOWLEDGEMENT

By signing and submitting this License Declaration, Licensor and Licensee represent, warrant and acknowledge that:

1. They have, prior to submitting their Trademarks Records, entered into a license arrangement concerning the use of the above Trademarks and Domain Name Labels. This license arrangement allows the Licensee, or if applicable, the trademark agent designated by the Licensee, to:

1. Submit any Trademark Record which may be transferred upon activation to the database provider as selected by ICANN in order to generate a Signed Marked Data (SMD) File which allows the Licensee, or if applicable the trademark agent, to register labels related to the Trademark Record within a top-level domain during a Sunrise Period as long as the registry's policies are complied with. The Sunrise Period is the period of time during which a registry accepts domain name registrations prior to domain registrations becoming generally available;
2. Download and use the SMD File for its purposes;
3. Receive Notification of Registered Name (NORN).

2. That the above statements are true and correct.

Licensee and Licensor acknowledge that the submission of any incorrect, fraudulent and/or outdated information and/or documentary evidence, and/or any breach of the Terms and Conditions, can invalidate the registration of the Trademark Record, or result in cancellation of the registration thereof, which implies the termination of the services without either party being entitled to any reimbursement, compensation, or damages of any kind.
